

Who We Are

North Carolina Phi Beta Lambda Professional Division Foundation, Inc. (NCPBL PD-F) is a volunteer-based, non-profit organization that generates and disburses funds to support the leadership development of North Carolina Phi Beta Lambda local and state chapters and its members. It is organized exclusively for education purposes.

North Carolina Phi Beta Lambda (NCPBL) is part of a national organization for business students at the college level. The organization's basic purpose is to provide opportunities for students to develop competencies for business occupations.

Phi Beta Lambda (PBL) members focus on three major areas:

- Service to school and community
- Developing competent, aggressive leadership skills
- Promoting academic excellence

To develop leadership skills, PBL members participate in a wide variety of leadership development activities and conferences on local, state and national levels. At conferences, students attend leadership workshops and participate in competitive events.

Leadership conference participation can cost each student between \$150 to \$1,000 depending upon location. Many schools are limited in conducting fundraising projects to support PBL activities.

NCPBL PD-F serves NCPBL members in North Carolina by providing support for:

- Scholarships
- Leadership development activities
- Reduced fees at conference
- State Officer apparel
- Officer conference reimbursement

PD-F membership is open to anyone who has an interest in business and promoting the goals of PBL:

1. To develop competent, aggressive business leadership.
2. To strengthen the confidence of students in themselves and their work.
3. To create more interest in and understanding of American business enterprise.
4. To encourage members in the development of individual projects which contribute to the improvement of home, business, and community.
5. To develop character, prepare for useful citizenship, and foster patriotism.
6. To encourage scholarship and promote school loyalty.
7. To encourage and practice efficient money management.
8. To assist students in the establishment of occupational goals.
9. To facilitate the transition from school to work.
